## WORK EXPERIENCE

---

### **Vestas Wind Systems A/S (VWS:CO)**

**Vaasa, Finland**

*Project Coordinator/Project Controller*

*March 2025 – Present*

- As part of development am assigned as Project Controller for the UK/Ireland region, overseeing financials, budget forecasting, and cost control across 10+ large-scale projects, ensuring alignment with regional and global reporting standards.
- Serve as a member of the regional steering committee alongside the Regional Director, actively contributing to strategic decisions and portfolio alignment across high-value energy projects.

*November 2022 – Present*

*Project Coordinator*

- Lead end-to-end coordination of four large-scale wind energy projects (Fäbodliden II – 4.3MW×4, Eurajoki Oosinselkä – 6.2MW×13, Velinga – 5.6MW×12, and Ulkaer Mose – 4.5MW×11), ensuring on-time, on-budget delivery.
- Support 20 Project Coordinators by streamlining administrative processes, improving team efficiency.
- Provide practical and administrative support to the Site Project Management leadership.
- Managed project financials of over €100M a year, including billing, budget tracking, and procurement, ensuring cost transparency and reducing financial discrepancies.
- Leading internal and external team communication.
- Responsible for all practicalities related to preparing the onboarding of new employees
- Appointed Subject Matter Expert (SME) for Service Orders, leading Lean Six Sigma-driven process optimization, reducing handover inefficiencies between Construction and Service Departments.
- Led project backlog reduction and financial reconciliation for 20+ projects using SAP.
- Assigned Project Coordinator for Legacy projects (20+ projects). Am contact person for Legacy projects and responsible for handling financial cleanup.
